2019 edition: 139 resources, nearly 14,000 measures here; additional resources in [RefShare version of database](#)

**Tests and Measures in the Social Sciences:
Tests Available in Compilation Volumes
TMSS**

These pages are provided for information purposes only.
Due to U.S. copyright laws, I am unable to provide copies of these instruments.

To obtain any of these resources, you may:

1. Check the library closest to you to determine if it has the source volume;
 2. Contact YOUR library Interlibrary Loan department or other services available at your institution.
-

List of Compilation Volumes

2019 revision. 140 resources, nearly 14,000 measures here; additional resources in RefShare version of database

The TMSS is an aid in locating known assessment instruments. Entries include only instrument title, author, date, & pages located in a larger compilation. We assume a proper literature review has been done to identify the appropriate tools.

When search for items in the TMSS online:

1. *Limit to TMSS Pages* by including TMSS as one of your keywords. (Ex: perinatal grief TMSS)
2. Search for author last names, no first names included. (Ex: John W. Brown, Jr. listed as Brown Jr JW)
3. For "subject" type searching, always consider searching with other synonyms (Ex: learning OR teaching OR educating)

Once a contents page has been identified, use your browser's FIND function to locate a keyword on the page. Consider also checking *The Medical Algorithm Project*, a web-based collection of over 5000 medical algorithms, with documentation, on-line spreadsheets, and on-line calculators (\$, subscription required).

Some TMSS items are annotated with Mental Measurement Year Book (MMYB) notes starting 3/7/2005. Only those items which are identified as having a review in the MMYB are noted with the appropriate edition. It is possible that some items not identified as being reviewed may still have a MMYB review.
